DETAILED ACTION

The following action is in response to the amendment filed for application 10/754,033 on September 9, 2005.

Allowable Subject Matter

Claims 1, 3-13, and 15-22 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art of record fails to show or render obvious the drive axle assembly as claimed, and particularly including an impeller shaped as an auger mounted for rotation with an axle shaft, and including the remaining structure of claims 1, 13 and 20, respectively.

Applicant overcame the 102(e) rejection with the statement of the same assignee.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
